5	Does the company own a fishery that have received MSC, ASC, Seafood Savers or other fisheries certification? If yes, please provide details of certified fisheries unit, type of certification, date of certification and the validity period	Fisheries unit (species, fishing gear/farming method, location): Type of Certification: <input type="checkbox"/> MSC <input type="checkbox"/> ASC <input type="checkbox"/> Others, please specify Date of Certification: Certification valid until:
---	--	--

Commented [FB2]: What we meant is your restaurant/store and your vendors/suppliers

By submitting this application, I shall abide by all terms stipulated in the Seafood Savers Institutional Guideline established by WWF-Indonesia.

Submitted by,

(Signatory)

(Position)*

(Company Name)

*the person who is entitled to act before the law in representing the company.

Note:

This form serves to provide Seafood Savers Secretariat with *generic* information on the current fishery business and practices of the applicant company. The Seafood Savers is a bridging mechanism for fisheries companies wishing to pursue MSC and/or ASC certification.

All data and information retrieved during the process will be treated in compliance with Seafood Savers Confidentiality Disclosure Terms and Agreements. The document is provided separately. (Template of the document is included as Appendix 2 in the Seafood Savers Institutional Guideline document)

Upon submission of the application form, the Seafood Savers applicant will receive written response within maximum 10 working days.
