

KETERTELUSSURAN BARRAMUNDI DAN KERAPU CANTANG PT IAMBEU MINA UTAMA

1

Bibit ikan barramundi dan kerapu cantang dibiuhkan di **PT Bali Barramundi** yang berlokasi di Kecamatan Gerokgak, Kabupaten Buleleng, Bali.

2

Bibit kemudian dibesarkan di **Laut Bali** dalam keramba jaring apung dan beroperasi di bawah perusahaan yang sama, **PT Bali Barramundi**.

4

Ikan barramundi dan kerapu cantang dewasa diproses menjadi berbagai olahan produk di **PT Iambeu Mina Utama** yang berlokasi di **Denpasar, Bali**.

3

Dari Laut Bali, ikan barramundi dan kerapu cantang dewasa dipanen dan dikirim ke **Unit Pengolahan Ikan PT Iambeu Mina Utama**, yang juga merupakan lokasi **Fish Market I am be U**.

5

Sebagian ikan yang sudah diolah dijual di **Fish Market I am be U** hingga pada akhirnya sampai ke tangan kamu!

PT IAMBEU MINA UTAMA'S BARRAMUNDI AND CANTANG GROUPER TRACEABILITY

The seeds of barramundi and cantang grouper are hatched and nursed in **PT Bali Barramundi** in Gerokgak District, Buleleng Regency, Bali.

Grown seedlings are transferred and farmed in floating net cages in **Bali Sea** operated under the same company, **PT Bali Barramundi**.

Adult barramundi and cantang grouper are processed and packed into several derivative products in **PT Iambeu Mina Utama** in Denpasar, Bali.

From the Bali Sea, adult barramundi and cantang grouper dewasa get harvested and transferred to **Processing Unit of PT Iambeu Mina Utama** on the same building as the Fish Market.

Few of the total processed fishes are put on sale in the **Fish Market I am be U** and finally to the hands of the customers!
